Services include:

- License Restoration
- Social Service needs
- Warrant Recalls
- Housing Referrals
- Training and Educational Opportunities
- Document Retrieval (BC, State ID, SSC, DL, Marriage License)
- Addiction Treatment Referral (24 hour detox and inpatient services within 48 hours)
- Employment (with employers who actually work with clients who have backgrounds)
- Bank Accounts with partners TD Bank and New Millennium Bank
- **and much more!**

Tasha Hogan, facility director for the New Brunswick NJ Reentry Corp. location, will review the opportunities the program offers, and how service-providers in the county can link their customers to those services. The goal of NJRC is to remove barriers for those who have a background face when trying to reintegrate back into society.

Space is limited for this free information session, and all welcome.
