

GREATER RARITAN ONE-STOP ~ SERVING HUNTERDON COUNTY AND SOMERSET COUNTY

# ONE-STOP OPERATOR SEPTEMBER REPORT

Program Year 2024/ 2025

Sept. 1 -30

## Greater Raritan One-Stop Operator September 2024 Highlights

The One-Stop Operator has been working diligently to support and improve customer system operations. Here's a few highlights.

1. To provide recruitment/enrollment support, Operator has outreached local community-based organizations to promote One-Stop services and establish customer referral pipelines.
2. To provide job placement support, Operator worked with Business Services to re-establish quarterly industry focused recruitment events. Using customer job preference research data to drive recruitment event themes.
3. To improve One-Stop job placement support, Operator worked with partners to provide more granular customer job preference data. This data is gathered and used to direct our business outreach efforts.
4. To support WFNJ client outcomes, Operator and GRWDB Director are working with Rutgers MSW Department to assign an intern that will administer motivation assessments and reports. These reports will be used to better understand motivational factors for each client, therefore leading to more effective IEPs.
5. Employment Pipeline Update:  
Operator is working with Business Service Representatives to outreach local employers. They recently onboarded (2) employment pipeline partners: Marriott and Empower Somerset.
6. One-Stop Partner Communication and Collaboration Support:  
Accomplished a full year of facilitating monthly partner leadership meetings and check ins. These measures have improved system wide communications, rapport and outcomes.
