About Dr. Beegle

Donna Beegle grew up in generational poverty and left school at 15 to get married. At 25, she found herself divorced with two children, little education, and few marketable job skills. Within 10 short years, she earned her GED and studied poverty through to a Doctorate. Dr. Beegle is an authentic voice that can help break the iron cage of poverty. She has worked in all 50 states to provide practical, concrete tools for making a difference.
